CLERK SUPREME COURT

In regards to possible changes being made at F.O.C. I would like to suggest you fix the current system to work before making new changes that seek to benefit Dads. My ex-husband has managed to completely bypass paying support. He now owes me $27,400. for one child (age 14). I pay $180. a month for medical coverage for him - my ex pays nothing, I pay for all his asthma medicine & doctors visit totally up to an additional $100 a month. F.O.C. has never been able to recover any of that money for me or offer me any recourse at all. I filled out medical forms almost 2 years ago and never heard back. You cannot get a hold of anyone on the phone. F.O.C. in Wayne County is a disgrace. You should fix it before you start changing laws.
