Dear Sir
I am Arthur J Ford And I have the asbestos lung disease.
The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.
it seems that MICHIGAN And the MICHIGAN SUPREME Court are being used as tools of the asbestos industry and big business to deny working people their constitution rights to jury trials when harmed by corporate misconduct.
Ints not right at all
