Oct 29, 2003

Supreme Court Clerk
P.O. Box 30052
Lansing, Mi 48909

Dear Sirs:

It's hard for me to believe that the Michigan Supreme Court would even try to deny asbestosis disease workers compensation for their related problems and keeping their case out of a court trial.

I hope you further consider your motivation and give us every thing due us because of our inflicted disease.

Sincerely,

Oscar Laube
