Court Rule No. 2003-47
Michigan Supreme Court!

We need medical attention,
Companies must paid for their mistakes,
Even the drywall sold these days is
made up of lot of glass fibers.
The real crisis in Michigan is the failure
of corporations to take responsibility for
their bad actions, and the willingness
of big business, and certain conservative
republican judges to blame the victims
of corporate misconduct instead of
holding the corporations accountable.
If these judges, and the higher up
people, had the asbestos illness they
would feel very different about this,
they would want all the help they
could get.

Sincerely,
Trinidad G Castro SR
