CLERK SUPREME COURT

To Michigan Supreme Court,

I have Asbestos and I worked at McLouth Steel Plant in Trenton, Mich. from Nov. 1955 to March 1996.

I'm refer to proposed court Rule No. 2003-47

I think Dennis Archerone time Democrat use to be for working families and not for big business.

It seems that Michigan and The Michigan Supreme Court are being used as tools of the Asbestos industry and big business to deny working people their constitutional rights to jury trials when harmed by corporate misconduct.

What are the true facts about asbestos litigation in Michigan? In fact, in the last four years, there has been one asbestos case tried to verdict in the entire State of Michigan. The other cases settle before trial.

The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.

The crisis in the State of Michigan regarding asbestos litigation is the fact that big business, corporations, the asbestos industry and law firms like Dickinson Wright feel free to try to take working people's lawsuits out of court and away from juries.

Yours
Richard F Cooper
