Dear Judges of The Michigan Supreme Court;
Court Rule # 2003-47

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpret the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their rights to a jury trial.

The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporation accountable.
