Michigan Supreme Court office:

I am writting refering to proposed Court rule No 2003-47. I want to be heard in opposition to this illegal movement to deny me rights to a trial by jury. I understand in the last 4 years only one asbestos case was tried to verdict in the entire state of Michigan and all other cases settled before trial.

Why is the Supreme Court considering taking steps that would effectively change the law by denying Michigan asbestos desease victims their rights to a jury trial

Very truly yours,

LeRoy Herndon
