Re: Court Rule No 2003-47

Dear Sirs:

I'm writing in regard to the above rule.
As a person that was exposed to asbestos in the navy in W.W. II, also during my working life, I would like to comment that I don'tbelieve it's fair to people like me. I have part of one lung removed and have cronic lung problems. I'm 78 years old and retired.

The Michigan Constitution, as well as the United States Constitution, makes it clear that judges do not make the laws but rather interpret them. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos victems their right to a jury trial?

Let's not have another case of big industry and lawyers not putting the blame where it should be, instead of blaming innocent working men and women.

I trust the court will put the blame where it belongs on the asbestos industry and not deny victims their rights.

Sincerely,

Keith Kuse

Keith K Kuse
