The Michigan Constitution as well as the United States constitution makes it clear that judges are Not to make the law but rather interpet the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their right to a jury trial.

What are the facts about asbestos litigation in Michigan? In fact, in the last 4 years, there has been one asbetos case tried to verdict in the entire state of Michigan, all other cases settle before trial.
