Regarding Court Rule No. 2003-47
Michigan Supreme Court -

I, Hardis Petty, am a recipient of an award based on corporate misconduct with regard to the asbestos industry.

Please, please do not change the law in order to protect big business from lawsuits involving asbestos disease. This act will abolish corporate responsibility for their gross negligence in the quest for the almighty dollar.

The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.

Thank you for your time -

Hardis Petty
