CORBIN R. DAVIS
CLERK SUPREME COURT

Dear Supreme Court Members,

I am writing to encourage you to vote against Court Rule No. 2003-47. After working with raw asbestos for years during the 60's and 70's, I lost my husband to lung cancer at the young age of sixty. He was a beloved father, husband, and grandfather. I have been a teacher for over thirty years and have also been exposed to asbestos in the classroom. Thank God, I appear to be healthy. Failure to hold these corporations responsible for not informing the public as to the dangers of exposure and how to protect themselves is and was criminal.

I hope and pray that you will not deny the working puplic their right to a trial by jury.

Most Sincerely
Maisie Prince
