Re: Court Rule No. 2003-47

Here we go again. An attempt to undermine the working class of Mich. and take away their rights.

The Mich. Constitution as well as the U.S. Constitution makes it clear that judges are not to make the law but rather interpret the law. Why is the Mich. Supreme Court even considering taking steps that would effectively change the law by denying Mich. asbestos disease victims their right to a jury trial?

The real crisis in Mich. is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.

I for one, am against this illegal and politically motivated effort to deny any victim of asbestos illness and other working people of their right

to a trial by jury.

Turn down the asbestos industrys proposed "Court Rule".

Very Truly yours
