CORBIN R. DAVIS
CLERK SUPREME COURT

Ref: Court Rule No-2003-47

Dear Sirs:

As a retiree from a Steel Company now defunct — with no medical and/or perscription program — because they were sold to a company that would not take on the liabilities, which included all the retirees benefits.

Now you are trying to take away our right to a fair trial.

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather to interpret the law.

Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their right to a jury trial.

Is this big business at work again?

Please consider our opinions!!!

Middle Class people are going to be extinct.

Sincerely,

Elizabeth & John Suprosky
