CORBIN DAVIS
CLERK SUPREME COURT

November 9, 2003

To the Gentlemen of the Supreme Court of the State of Michigan:

I am one of the unfortunate individuals who has asbestosis. It seems hard for me to believe that my fellow Michiganers would deny me the right for compensation should I die from mesothelioma(?)

The asbestos manufacturers knew when they came up with asbestos that it was a potential killer to mankind, so why are crews working to clear schools, factories, power plants and yes, naval vessels of asbestos.

I had a very close friend who died of mesothelioma(?). He had a very painful, miserable death and a very young man -

It seems the asbestos manufacturers made their billions

II

of dollars and then ran under the guise of bankruptcy. I had a lawsuit against the asbestos manufacturers and got a grand total of $47,500. Yes, They took this billions and ran leaving us with pennies.

I cannot even walk one block without gasping for air. The asbestos industry has damaged me permanently.

It seems inconceivable that you gentlemen would deny the right for people with asbestosis to seek compensation. I hope with all my heart you do not us this right.

Sincerely,

Stuart A White
