Mar. 29, 2004

Dear Supreme Court,

In yesterday's Sunday I read a copy of an editorial from the Battle Creek Enquirer ~~the~~ newspaper.

I do feel that it would be very valuable if there were increased use of video in criminal trials, if the defendants have the rights to testify either in persons or from custodies.

Thank you for reading and, I hope, considering my thinking.

Sincerely,

Kathleen S. Brady
