Michigan Supreme Court

Dear Sirs;

This is in regards to proposed Court Rule no. 2003-47 The Michigan Constitution as well as the United States constitution makes it clear that judges are not to make the law but to interpret it. Why is the Michigan Supreme Court even considering taking steps that would change the law by denying Michigan asbestos disease victims their right to a jury trial. Don't allow the Michigan supreme court to be used as a tool of the asbestos industry & big business to deny working people our constitutional rights when harmed by corporate misconduct.

Sincerely

Geronimo Flores
