Court Rule No. 2003-47

To Michigan Supreme Court

I think The Michigan Constitution as well as the United States Constitution Makes it Clear the judges are not to Make the law, but rather interpret the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan Asbestos disease victims their right to a jury trial.

It seem that Michigan and the Michigan Supreme Court are being used as tools of the Asbestos and Big Business to deny working People their constitution Rights to jury Trials When harmed by Corporate Misconduct.

The Working Men & Women is the fuel of this State & the Countries in this World. Let the Big Business and Corporation be Accountable for their Mistake of the Working Peoples
