RECEIVED
NOV 24 2003
CORBIN R. DAVIS
CLERK SUPREME COURT

To: The Michigan Supreme Court:

It has come to my attention that a Petition has been filed with the Michigan Supreme Court to change the Law which allows individuals with non-cancerous asbestos lung diseases to seek and recover damages against the asbestos manufacturers and the property owners who allowed asbestos to be used by workers.

The proposed "Court Rule No. 2003-47" would change that Law. I was under the belief that judges were to interpet the Laws of the Land/State not make Laws. So why is the Michigan Supreme Court even considering taking steps to change the existing Law by denying Michigan asbestos disease victims their right to a jury trial?

If the Law is to be changed let it be done fairly. Allow the victims/voters the right to their voice. Let the big businesses put it on a ballot and allow us the voters to have a voice, or take it through the House and Senate and change the

Law the right way. Do Not let big business and a few judges that have ties to those business through the law firm of Dickinson Wright make changes to our laws.

As a vicitim of asbestos lung disease I urge the judges of the Michigan Supreme Court to deny the Petition on Court Rule No. 2003-47.

Sincerely
Stephen Kanyo
