CORBIN R. DAVIS
CLERK SUPREME COURT

Dear Michigan Supreme Court Oct, 29, 03

This letter conserns the Asbestos Industrys attempt to deny a Michigan Industrial worker a trial by Jury, which is unfair and unconstitutional, conserning the Asbestos Issue.

I would urge the court to consider that ordinary working people would become victims twice of corporate greed, if they were denied a trial by jury.

The Michigan Supreme Court under Michigan law is required to interpet the law, not to make the laws.

Corporate misconduct cannot be overlooked or tolerated, on any level or either political side.

As a former union skilled tradesman and a small business corporate owner I would put my self to task and my company. We must do the just and moral act. Please dont deny our citizens their rights to trail by Jury, in favor of corporations that have made mistakes

Sincerly
Michael J. Murphy
