Dear Mr. Davis: I have reviewed the amendments that the Court is proposing. I am generally in favor of the amendments but I feel that the wording "all challenges" is somewhat vague. To make it more clear to the parties and the trial judges, I suggest that challenges be made by "Motions filed pursuant to MCR 2.119". I thank you and the Justices for considering my input.

Sincerely,

Janet M. Allen, Chief Judge, 46th Circuit Court
