

JURY STATISTICS REPORT

Court number	Court name or location	Year
--------------	------------------------	------

Submit the annual Jury Statistics Report to the State Court Administrative Office between March 1 and March 31 for the previous calendar year. The Juror Yield section is reported by county for all courts in the county and is submitted by the circuit court. The Juror Utilization section is reported by each court for each jurisdiction.

JUROR YIELD

The circuit court shall report juror yield numbers by county for all courts in the county. The numbers reported in the juror yield section are to be based on the juror qualification questionnaires sent in the year being reported. Each juror is counted only once per each field and each jury qualification cycle. Probate courts and district courts will not report juror yield numbers.

Juror Qualification Questionnaires Sent

Juror Qualification Questionnaires Returned*

Jurors Qualified and Able to Serve

*Juror Qualification Questionnaires Returned means questionnaires were fully completed and returned, either by mail or online.

JUROR UTILIZATION

Each court shall report juror utilization numbers by court jurisdiction. Each juror is counted only once per each field and each jury qualification cycle. Each juror is counted in a field in the year in which they were summoned. The probate and district courts may need to contact the circuit court to obtain the number of jurors summoned or directed to report if that function is performed by the circuit court on behalf of the probate or district court. If two or more courts share a juror pool, the circuit court can report the juror utilization numbers for the courts that share that pool.
