

These standards do not apply to filings in the 3rd, 6th, 13th, 16th, and 20th Circuit Courts until these courts are fully implemented on MiFILE. See those courts' websites for specific filing guidelines. These standards apply to the SCAO-approved court forms and forms generated by MiCSES as of January 1, 2021.

## Preparing Electronic Documents for Filing

### 1. General Pleading Requirements

All documents electronically filed with Michigan courts must, at a minimum, comply with [MCR 1.109\(D\)](#) and be prepared in accordance with the general pleading requirements of [MCR 2.111](#). Depending on the type of case, there may be other court rule or statutory requirements.

### 2. Signature

Every document filed with the court must be signed by the person filing it or by at least one attorney of record. A party who is not represented by an attorney must sign the document. If a document is not signed, it will be rejected by the court. [MCR 1.109\(E\)](#).

An electronic signature means an electronic sound, symbol, or process attached to or logically assigned with a record and executed or adopted by a person with the intent to sign the record. The following form is acceptable: */s/ [printed name]*.

In probate proceedings the following also applies:

(a) When a person is represented by an attorney, the signature of the attorney is required on any paper filed in a form approved by the State Court Administrator only if the form includes a place for a signature.

(b) An application, petition, or other paper may be signed by the attorney for the petitioner, except that an inventory, account, acceptance of appointment, and sworn closing statement must be signed by the fiduciary or trustee. A receipt for assets must be signed by the person entitled to the assets.

### 3. Electronic Document Format Standards

All documents electronically filed with Michigan courts must be prepared in accordance with these standards. Deviation from these standards may result in a submitted filing being rejected. [MCR 1.109\(D\)](#) and [MCR 8.119\(C\)](#). See [standard rejection reasons and solutions](#).

With the exception of redacting protected personal identifying information, these standards do not apply to documents being filed with the court that: 1) the filing party did not create or 2) the filing party created for a reason other than filing with the court. Such documents are typically attached to or accompany a document that the filing party has specifically prepared for filing with the court. Examples include, but are not limited to:

- leases, bank statements, wills, codicils, trusts, or other testamentary documents;
- copies of documents from a court file that preceded these standards or a printout of a register of action from a court's records;
- documents created by local, state, or federal government agencies, such as a local tax bill, marriage license, birth certificate, or death certificate; and
- documents prepared, executed, acknowledged, or proved outside the state of Michigan, such as a copy of a foreign judgment.

These standards also do not apply to the Michigan Uniform Law Citations.

If by form, the form must be completed and filed with the document to which it pertains.
- If a party is required to include protected personal identifying information in a public document filed with the court, the party shall file the document with the protected personal identifying information redacted, along with a personal identifying information form approved by the State Court Administrative Office under [MCR 1.109\(D\)\(9\)\(b\)\(i\)](#).

- No multiple transcript pages on a single document page. [MCR 1.109\(B\)](#).
- Any attachment, graphic, or photograph larger than 8 ½ x 11 inches must be filed in its original size in paper format unless the judge directs that it can be filed electronically in its original size. [MCR 1.109\(D\)\(4\)](#), [MCR 1.109\(G\)\(3\)\(c\)](#).
- Any attachment, graphic, or photograph smaller than 8 ½ x 11 inches may be filed in its original size.

- These margin standards do not apply to transcripts.
- Two and one-half inch top margin for documents prepared for recording in the register of deeds. [MCL 565.201](#).
- No text or image shall be placed in the margin except a court's date and time stamp.

- When the filing party has control of the creation of a document, the document must be converted to PDF directly from the program used to create the document. A scanned image of a document is prohibited except for documents the filing party did not create electronically or when a required signature on the document was signed by hand.

- Permissible formats are PDF, DOC and DOCX, RTF, TIFF, TXT, JPG, and PNG.

- Multiple documents (including attachments) cannot be combined into a single PDF except when authorized for bulk filing or otherwise indicated in these standards.
  - Each document must contain no blank pages.
  - Except when authorized for bulk filing, multiple cases or multiple documents cannot be combined into one PDF document.
  - Color photographs or graphics must be filed in color.
  - Remove all metadata from the document, including information referencing drafters, reviewers, javascript, or macros.
  - Bar codes affixed by a filer are permissible provided they are within the prescribed margins.
- **File Size; Multiple-Part Documents**
- File size shall not exceed 25 MB. Files larger than 25 MB may be filed electronically in separate 25 MB (or smaller) segments.
  - Multiple-part documents are a single document split apart by necessity because of file size limitations. The document must follow the naming convention in these standards. Multiple-part documents are not connected filings.

  - There is a 100 character limit.

    - Each attachment must be identified as an attachment to the lead document, be numbered, and contain the title as follows: Attachment 1 [title of attachment, e.g., Lease] for [name of lead document, e.g., Complaint for Possession].
  - Each attachment must conform to the file size limit. To the extent an attachment exceeds the size limitation, each portion must be separately described as being a portion of the whole attachment (e.g., Attachment 1 [title of attachment] for [name

of lead document] Part 1 of 3; Attachment 1 [title of attachment] for [name of lead document] Part 2 of 3; Attachment 1 [title of attachment] for [name of lead document] Part 3 of 3).

- Multiple attachments can be combined as a single attachment when the documents are of a like kind (e.g., multiple account statements that span a period of time).

➤ **Hyperlinks**

- Each filed document must be self-contained. Hyperlinks embedded within a document must refer only to information within the same document.
- Embedded audio or video files are prohibited.
