

Swift and Sure Sanctions Program Minimum Data Standards

The State Court Administrative Office requires that courts participating in the Swift & Sure Sanctions Probation Program (SSSPP) collect certain data on probationers in the program. The data collected will be used toward annual program reporting to the legislature and governor per statute. Courts are responsible for ensuring that the data described below are collected frequently and accurately.

The minimum data standards that follow are broken into three sets; one set for screening, one set for case management data and one set for program discharge data relevant to accepted participants. This document provides descriptions and valid values for each of the variables in the minimum standard data sets. This information should be entered into the Drug Court Case Management Information System (DCCMIS), or in the SCAO excel spreadsheet template to be submitted to SCAO.
