

July 2020 Bar Exam Remote Testing Module Times

For those testing under standard conditions

Applicants are expected to be logged in and ready at the beginning of each designated module.

- The Exam is set for Eastern Time. Applicants testing in other time zones must plan accordingly.
- The passwords will be posted on the ExamSoft Michigan user home page at <http://www.examsoft.com/mibar>.
- For the first module, the password will be available at 7:55 a.m. to allow applicants experiencing any difficulties time to contact the ExamSoft help line. Applicants having trouble verifying their identity are to contact the Board of Law Examiners, Maribeth Graff, at (517) 373-4452 to verify their identity and receive a resume code. Passwords for the second through fifth module will be posted on the ExamSoft site five minutes before each module is set to begin.
- Should applicants experience technical difficulties, the Board has built in a short start window for applicants to contact ExamSoft for assistance at 1-866-429-8889, ext. 1 or to resolve any issues that do not require ExamSoft support. Applicants utilizing the start window will still test for 60 minutes, however, will have a shorter break prior to starting the next module.
- The software will automatically shut down after an applicant is in the module for 60 minutes. As noted in the FAQs, ExamSoft has a silent alarm timer that starts counting down at the five minute marker that appears at the top of the screen in yellow. Applicants can set two optional alarm timers. In the longer practice exam, one of the questions will walk applicants through how to set these two additional timers.
