The Co-chairs called the meeting to order at 9:31 a.m. A quorum was present. Craig DeRoche was excused and Andrew Brashier attended as his proxy.

II. Welcome and Introductions

Co-chair Gilchrist introduced the Speaker of the Michigan House of Representatives, the Hon. Lee Chatfield, to give introductory remarks. After the Speaker's remarks, the co-chairs gave welcoming remarks; then Task Force members introduced themselves and shared what they're looking forward to while serving on the Task Force. Finally, Ryan Gamby with the State Court Administrator's Office (SCAO) shared information about upcoming meeting dates and locations, the Open Meetings Act (OMA), and the travel reimbursement policy.

III. Data Presentation

Terry Schuster and Michelle Russell of The Pew Charitable Trusts delivered a presentation on national and Michigan jail incarceration trends and Michigan county budget information. The presentation can be found [here](#).

IV. Task Force Member Comments

Dr. Kubiak wondered how the Michigan-specific data identifiers for race and ethnicity in later presentations will compare to the national identifiers. Representative Yancey asked a clarifying question about the Michigan urban-rural incarceration rates over time with regards to race, as well as whether the Michigan Department of Corrections is collecting this data. Senator Santana inquired after the reason for the recent increase in female incarceration rates. Dr. Alexander shared her desire that future presentations break out demographic data to distinguish males and females by race and ethnicity. Mr. Takura shared his desire that future presentations identify incarceration data by age.

Dr. Kubiak inquired whether litigation costs were included in the county budget data. Mr. Talen confirmed that litigation costs would come out of the county budget. Representative Yancey wondered what is included in the community/economic development category. Sheriff Clayton noted that much of these county expenses ensure that departments are funded at levels that meet their basic personnel and safety needs, and that budget information varies significantly by county; he asked the Task Force to consider that before making any judgments. Ms. Jahner offered that she thinks probation and parole violation data is key to the jail population conversation. Judge Boyd noted that when he chaired the Trial Court Funding Commission, there was some disconnect between what counties report to the state in their chart of accounts. Mr. VerHeulen inquired whether the data and handouts would be posted on the Task Force website, which was affirmatively confirmed.
